# IMPORTANT SAFETY RECALL

## Front Halfshaft

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain [2018 Chrysler Pacifica] vehicles.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The front halfshaft assembly on your vehicle <sup>[1]</sup> may be misassembled with the axle shaft incorrectly assembled into the halfshaft assembly. This misassembly does not allow the retaining ring to properly secure the axle shaft into the constant-velocity (CV) joint. An improperly secured axle shaft may disengage from the CV joint in certain circumstances. If the axle shaft disengages, it may result in a loss of motive power if driving or the inability of the vehicle to maintain PARK if stationary. **A sudden loss of motive power can cause vehicle crash without prior warning. An inability to maintain PARK may result in unintended vehicle movement which increases the risk of injury to vehicle occupants and bystanders, and can cause vehicle crash without prior warning.**

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will replace the left or the right halfshaft assembly on the affected vehicles. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The estimated repair time is two hours. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR CALL  
YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

#### WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](http://www.fcarecallreimbursement.com) to submit your reimbursement request online. <sup>[3]</sup> Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
