

IMPORTANT SAFETY RECALL

NHTSA Recall No. 18V541

This notice applies to your vehicle: [REDACTED]
Your Vehicle Identification Number (VIN): [REDACTED]
Supreme Serial Number: [REDACTED]

Dear Supreme Truck Body Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Supreme Corporation has decided that certain model year 2009-2018 Curtain Side truck bodies equipped with Trucklite Model 36 intermediate side lamps fail to conform to Federal Motor Vehicle Safety Standard No. 108, *Lamps, reflective devices, and associated equipment*. Our records indicate that your vehicle(s) identified above may be affected. Supreme is conducting a safety recall to address this condition.

What is the Issue?

Certain Supreme truck bodies equipped Trucklite Model 36 marker lights mounted on an angle roof rail bracket used on double curtain sided bodies do not meet FMVSS 108 luminescence visibility requirements. Reduced visibility of the intermediate side lamp could result in increased risk of crash.

What Should You Do?

Please contact Supreme at (844) 352-4921 or recall@supremecorp.com. You will be referred to an approved service provider to replace the existing lights with a compliant side marker light. This work will be done at no charge (parts and labor) to you.
