IMPORTANT SAFETY RECALL

This notice applies to your vehicle: «VIN»

«Owner_name»

«Street»

«City», «State» «Zip»

Dear «Owner_name»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Thor Motor Coach (TMC) has decided that a defect which relates to motor vehicle safety exists in certain 29J Outlaw motorhomes. As a result, TMC is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

***Reason for
this recall***

It has been decided that on certain 29J Outlaw motorhomes, the wire that is used to power up most of the coach 12 volt system was incorrectly attached to a terminal post that gets its power directly from the battery. The wire should have been connected to a breaker that would have protected the wire if there is a short circuit. In the case of a short circuit, there is no circuit protection on the wire to prevent overheating. This can cause a fire, which could result in serious injury or death.

***What we
will do***

TMC has contacted your selling dealer and has instructed them on how to properly re-route the wire to the converter breaker. This will be done at no cost to you the owner. The remedy should take approximately 15 minutes to perform.

***What we need
you to do***

At your earliest convenience, please contact your dealer and schedule an appointment to have this remedy completed.
