Dear Mercedes-Benz Sprinter Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler AG, the manufacturer of Sprinter vans, has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2018 Mercedes-Benz Sprinter vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

What is the CONCERN?

DAG determined that in certain Mercedes-Benz Sprinter vehicles, an incorrect operating lever might have been installed as a subcomponent on the door locks on the right side of the vehicle. Electronically unlocking the driver door, cargo door and rear door may result in an inability to open the corresponding doors on the right side of the vehicle. Exiting the vehicle on the left side of the vehicle is still possible. This inability to open the affected doors could increase the risk of injury in the event of a crash.

What will your DEALER DO?

An authorized Mercedes-Benz dealer will check and, if necessary, replace the locks. This service will be provided free of charge. We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be up to **approximately 2 hours**, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.

What should YOU DO?

To find the most convenient authorized Mercedes-Benz dealer from your smartphone, scan the QR code to the left.

For additional information and to schedule an appointment, please contact your preferred authorized Mercedes-Benz dealer at your earliest convenience. To locate authorized dealers see www.mbvans.com/sprinter/shopping-tools/find-a-dealer. **Please mention you are scheduling an appointment to check and, if necessary, replace the door locks under Recall Campaign # 2018120013.**

You may be asked for your 17-digit Vehicle Identification Number (VIN) which for your convenience is located above your name at the top of this letter.
