IMPORTANT SAFETY RECALL

(NHTSA Recall Number: 18V-754)
This notice applies to your vehicle: **(Insert VIN)**

December 20, 2018

Dear Kia Stinger Owner:

Kia has identified a defect in your vehicle which relates to motor vehicle safety

This letter is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Kia Motors has decided that a defect which relates to motor vehicle safety exists in certain 2018 MY Kia Stinger vehicles manufactured from July 20, 2017 through June 8, 2018. The defect may cause damage to the front wiring harness which can result in an electrical short circuit, increasing the risk of a fire.

What Is The Problem?

The Front Wiring Harness ("harness") is located in the engine and passenger compartment of the vehicle. The harness can come in contact with a burr on a sheet metal hole on the left fender apron body panel. Such contact can damage the insulation of one or more wires and cause an electrical short circuit, increasing the risk of a fire.

What Will Happen If Damage to The Front Wiring Harness Is Detected?

If damage to the harness is detected, the Malfunction Indicator Lamp ("MIL")  may be illuminated, and/or the vehicle could be placed in a reduced power and acceleration mode [referred to as "Limp Home Mode"]. In Limp Home Mode, your vehicle can continue to be operated for a **limited time** to permit you to drive the vehicle to a safe location. However, your vehicle will have a reduced maximum speed, and it may accelerate very slowly or may not accelerate at all.

Kia Will Inspect and Install a Plug/Cover and, if Damage is Found, Replace the Front Wiring Harness at No Cost for Parts or Labor to You.

Kia has advised its authorized dealers to inspect the front wiring harness for damage. If no damage is found, the dealer will install a plug/cover to the hole on the left fender apron panel. If damage is found, the front wiring harness will be replaced and a plug/cover will be installed to cover the hole on the left fender apron panel. The work will be performed at Kia's expense at no cost to you.

What Should You Do?

- In the interest of the safety of your passengers, as well as your own safety, please immediately contact your Kia dealer to arrange for the recall repair to be conducted. The estimated time required to inspect the vehicle is approximately one (1) hour. If front wiring harness replacement is needed, additional time will be required. The actual time, however, can vary depending on the dealer's work schedule. We recommend that you contact the dealer for an exact estimate of how long they may need the vehicle and schedule a service appointment to minimize inconvenience. (Most Kia dealers have online appointment scheduling via their dealership web sites to maximize convenience).
- To find your nearest dealer, visit www.kia.com and click the "Find Dealer" button in the upper right corner ("Dealers" on a mobile device). You can also use the QR code below with your mobile device to access this information (*see the bottom of this letter for more information about QR code use*):

What If You Have Already Paid To Have This Situation Corrected?

If you have incurred expense to remedy this issue prior to the date of this notice, you may have the opportunity to obtain reimbursement for that expense. You may submit your receipts online to Kia via the Owners section of www.kia.com or mail your receipts with a cover letter directly to Kia for review and consideration:

**Consumer Assistance Center
Kia Motors America, Inc
P.O. Box 52410
Irvine, CA 92619-2410
1-800-333-4542**

The Kia Consumer Assistance Center is available at the number listed above if you have any questions or require assistance in submitting your claim.

Pursuant to the General Reimbursement Plan issued by Kia pursuant to Federal Regulation 49 CFR 573.13, Kia will use its best efforts to respond to your claim within sixty (60) days of receipt and at that time Kia may either accept or reject that claim or it may request more information to evaluate the claim.

Have You Changed Your Address Or Sold Your Kia?

If you have changed your home address, sold your Kia vehicle, or no longer own your vehicle, please complete the attached prepaid "Change of Address/Ownership" card and mail it to us. You can also contact the Consumer Assistance Center phone number listed above.

What If You Are A Vehicle Lessor?

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

What If You Have Other Questions?

If your dealer does not respond to your service request in a timely manner, we suggest that you call Kia's Consumer Assistance Center at 1-800-333-4542. This number has TTY capability. If you still are not satisfied that we have remedied this situation without charge and within a reasonable amount of time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, DC 20590; or call the toll free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

This action has been taken in the interest of your safety, and we regret any inconvenience this situation may cause you.

Sincerely,

Consumer Affairs Department

QR Code Use:

- A QR Code is a square, 2-dimensional barcode that can be read by mobile devices loaded with an appropriate barcode or **QR Code Reader App**. The app reads the barcode image and then launches/uploads the specific information the code contains, such as URLs, text, photos, videos.
- With a mobile device, **download a QR Code Reader App**. With many devices, you can do this through an app store or marketplace.
- **Open the QR Code Reader App on your mobile device. The app will utilize your device's camera.** Center the code in the camera viewing area. With some apps, the URL or other information will automatically load when the code is recognized. For others, you may have to snap or take a picture of the QR code. **Refer to the QR Reader Code App instructions.**
