DEAR VOLVO TRUCK OWNER:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Volvo Trucks North America has been informed by Bridgestone Americas Tire Operations, LLC (“BATO”) that certain wide base radial commercial truck tires may fail to conform to Federal Motor Vehicle Safety Standard No. 119. BATO has initiated a voluntary recall of these tires. These tires were sold beginning in June 2018.

You are receiving this notification as Volvo Trucks North America has determined that vehicle(s) sold to you may contain one or more of these tires.

SAFETY DEFECT: The subject tires may not comply with the endurance test requirement as prescribed under Federal Motor Vehicle Safety Standard No. 119.

SAFETY RISK: In affected tires, there may be a risk of exposure of steel body cords in the sidewall to the environment, which could lead to deterioration of the cords in that area. If a rapid air loss occurs due to that condition while the vehicle is operating, there may be an increased risk of a crash.

PRECAUTIONS YOU CAN TAKE: You can present your vehicle to an authorized Bridgestone or Volvo Trucks service center. Your vehicle(s) tires’s will be inspected and replaced if required.

TIME REQUIRED FOR THE REPAIR: The time required to inspect and/or repair your vehicle is approximately 2 hours.

WHAT YOU SHOULD DO: You should contact the nearest Bridgestone Americas Service Center or Volvo Parts and Service Center and make an appointment. Your vehicle will be inspected and repaired, if required, free of charge.
