**Subject: Safety Recall 20Bi – Fuel Line Guide Sleeve  
Certain 2018 Model Year Volkswagen Golf R Vehicles**

Dear Volkswagen Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Volkswagen has decided that a defect, which relates to motor vehicle safety, exists in certain 2018 model year Volkswagen Golf R vehicles. Our records show that you are the owner of a vehicle affected by this action.

**What is the issue?** The underhood fuel supply hose quick connector may not be securely attached to the fuel supply line. There is a risk that the fuel line may open at the quick connector, which may cause fuel to leak into the engine compartment. Leaking fuel, in the presence of an ignition source may result in a fire.

**What will we do?** To correct this defect, your authorized Volkswagen dealer will inspect the affected fuel line connection. The guiding sleeve will be removed and a tension test will be performed to assure secure locking. This work will take about a half hour to complete and will be performed for you free of charge.

**What should you do?** Please contact your authorized Volkswagen dealer without delay to schedule this recall repair. To set up an appointment online, please visit [www.vw.com/find-a-dealer](http://www.vw.com/find-a-dealer).

**Precautions you should take** If you smell a fuel odor in the vehicle, contact your nearest authorized Volkswagen dealer without delay to have your vehicle inspected.

**Lease vehicles and address changes** If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt. If you have changed your address or sold the vehicle, please fill out the enclosed prepaid Owner Reply card and mail it to us so we can update our records.

## IMPORTANT SAFETY RECALL
