

## IMPORTANT SAFETY RECALL

This notice applies to your vehicle, (54F2DE [REDACTED])

March 19, 2019

Re: Notice of possible defect  
NHTSA ID# 18V-874

Dear Owner of a Rosenbauer Fire Apparatus:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Rosenbauer America has decided that a defect which relates to motor vehicle safety exists in certain 2017-2018 Fire Apparatus vehicles, equipped with Whelen accessory brake lights. Depending on the specific wiring of the vehicle, these brake lights may illuminate when the brake pedal has not been pressed. As such these vehicles fail to comply to with the requirements of Federal Motor Vehicle Safety Standard FMVSS 108, "Lamps, Reflective Devices, and Associated Equipment."

If the brake lights incorrectly illuminate, it can confuse other drivers, possibly increasing the risk of a crash.

Remedy:

The remedy is to inspect the vehicles and replace the brake lights, as necessary, free of charge. It will take 1 hour to perform the recall and remedy the repair.
