Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler AG ("DAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year ("MY") 2018-2019 GLA-Class vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

What is the CONCERN?

DAG determined that on certain MY 2018-2019 GLA-Class vehicles (X156 platform), the bonding of certain elements of the panorama sliding sunroof might not meet current production specification which could result in leaks in the area near the window airbag. Water intrusion could impair the electrical connection of the window airbag, preventing the window airbag from deploying as intended, increasing the risk of injury for occupants in the event of a crash.

What will your DEALER DO?

An authorized Mercedes-Benz dealer will check the bonding of the panoramic roof on the affected vehicles and seal it and replace the window bags, if necessary. **This service will be provided free of charge.** We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be up to **5 hours**, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.

What should YOU DO?

To find the most convenient authorized Mercedes-Benz dealer from your smartphone, scan the QR code to the left.

For additional information and to schedule an appointment, please contact your preferred authorized Mercedes-Benz dealer at your earliest convenience.
