

IMPORTANT: SAFETY RECALL REMINDER

In October 2018, we notified you of a Safety Recall involving the accessory centerstand on certain 2016-2018 model year CRF1000L/LD Africa Twin motorcycles. At the time, we advised owners of the following:

Honda has determined that a defect which relates to motor vehicle safety exists in the optional Honda Genuine Accessory centerstand available for certain 2016 - 2018 model year Africa Twin motorcycles. The circlip that secures the centerstand to the motorcycle received improper heat treatment during the manufacturing process, increasing the possibility of it breaking during normal usage. If the circlip breaks, the centerstand can detach, creating a road hazard if the motorcycle is in motion, or causing a motorcycle parked on the centerstand to fall over. Both conditions increase the risk of a crash or personal injury without prior warning.

According to our records, you have not yet had your affected motorcycle repaired. Please call your authorized Honda motorcycle dealer to schedule an appointment as soon as possible. This recall repair will be performed free of charge.

If your motorcycle has already been repaired, or if you no longer own this motorcycle, please let us know by filling out the included, postage paid, *Information Change Card*. We will update our records and stop sending you reminder notices.

If you have any questions about this recall, your authorized Honda motorcycle dealer will be happy to assist you.

Sincerely,

**American Honda Motor Co., Inc.
Motorcycle Division**
