

**YOUR PREVIOUS AIRBAG RECALL REPAIR
WAS ONLY FOR YOUR PASSENGER SIDE
AIRBAG**

**YOUR DRIVER SIDE AIRBAG IS STILL
DEFECTIVE AND DANGEROUS**

Call to schedule Free Airbag Replacement: 833-221-3560

You had one airbag replaced, but your other airbag is still defective.

Call today to schedule your FREE recall repair: 833-221-3560.

Ford issued a **DO NOT DRIVE** advisory for your vehicle. The airbags in your vehicle were defective and posed a serious risk. One of your airbags was replaced, but the other airbag is still defective. As your vehicle ages, the likelihood of the airbag exploding during a crash increases. If this occurs, sharp metal fragments can strike the driver and passengers, causing severe injury or even death.

To assist with repairs, we can come to your home or work and replace the airbag for FREE. Call today to set up an appointment.

You can also contact your local Ford Dealer to schedule an appointment. Special service options may be available upon request through participating dealers:

- Free towing to the dealership for repair.
- Mobile Service for repairs at your location.
- Free interim loaner vehicles while your vehicle is being repaired.

If you no longer own this vehicle, please visit fordairbagsurvey.com to update your information.

If you believe both airbags were replaced prior, please visit a dealer for confirmation and closure on this Safety Do Not Drive Recall.
