This notice applies to your vehicle: «VIN»

Dear «POLKNAME»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

**Our records indicate**  
**YOUR UNIT HAS NOT BEEN**  
**REMEDIED.**  
**Please DO NOT ignore this notice!**

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2019 Dutchmen Aerolite, Atlas, 2019 Keystone Bullet, Cougar, Hideout, Outback, Passport, and Springdale Fifth Wheels and Travel Trailers. As a result, Keystone RV is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

***Reason for  
this recall***

It has been decided that the vehicles in the recall population may have an axle built with bearings that have insufficient grease. Under certain conditions during travel, the bearing can heat up and fail leading to an increased risk of property damage and poor vehicle handling, increasing the risk of a crash.

***What we  
will do***

Keystone representatives have been in contact with the staff at your selling dealership regarding this situation. The remedy is inspect the axle tag to determine the affected axle. Once the axle has been determined to be affected, the bearing will need to be removed and inspected. The service and parts required for this corrective action will be provided at no charge to you.

***What we  
need you to  
do***

As soon as possible, please make an appointment to have your RV serviced by your dealership. The labor time to perform this correction is approximately 1 hour. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your RV for this repair.
