Subject:

Diego External Backup Warning Device Isolation Switch Removal (Ref. FSI 1240)

Diego vehicles have been fitted with an external backup warning device isolation switch (see fig.1) which is required to be removed in order to comply with regulations.

AS A TEMPORARY MEASURE THE SWITCH MUST NOT BE USED

Fig.1

Dennis Eagle Inc. will be contacting customers to arrange carrying out the re-work on affected vehicles which is to simply remove the switch to prevent the external backup warning device from being isolated and replace it with a blanking cover.

Vehicles affected are:

1D92BGCB8HF791001
1D92BGCB2HF791002
1D92BGGB1HF791003
1D92BGCB6HF791004
