BY E-MAIL November 1, 2018

Dear Catherine:

This letter is a response to the questions raised during our phone conversation October 25, 2018 regarding the defect in certain 2019 Jayco Alante and Precept motorhomes and certain 2019 Entegra Emblem and Vision motorhomes, as described in NHTSA Recall Notice No. 18V-445 and 18V-446 respectively.

Q: Did Wexco Industries sell this equipment to more than one manufacturer, including but not limited to other component manufacturers or vehicle manufacturers? Does the potential defect present itself in vehicles produced by the other vehicle manufactures?

A: The windshield wiper system sold to Jayco (WEXCO part number 1455-21211013, Jayco part number 0318433) is unique to Jayco's vehicle, and was not sold to any other manufacturer. The front cap on each manufacturers RV has its own wind-flow characteristics, necessitating a unique wiper system.

Regards,
Jeff Forbes
VP Business Development
