

	TYPE	RECALL CODE	QUESTION	ANSWER
Panoramic Sunroof Ambient Light Bar (LED Module)	Safety Recall	60D1	What vehicles are included in Safety Recall 60D1?	Certain 2018 model year Volkswagen Tiguan vehicles equipped with a panoramic sunroof with ambient lighting.
			What is the safety concern for Safety Recall 60D1?	High humidity in the panoramic sunroof ambient lighting bar LED module (caused by environment or by leaving the sunroof open) could lead to a local short circuit. If this happens, there is a risk of a fire.
			What is the repair for Safety Recall 60D1?	To correct this defect, dealers will disable the power supply to the panoramic sunroof LED module. The recall repair is FREE. In the future, a service action will be implemented to safely reactivate the feature.
			When will the repair for Safety Recall 60D1 be available?	To remove the safety defect, dealers will disable the power supply to the panoramic sunroof LED module. This repair can be scheduled now with an authorized Volkswagen dealer. To schedule an appointment, click here. In the future, a service action will be implemented to safely reactivate the sunroof ambient lighting feature. Volkswagen will notify all affected owners via first-class mail once the service action becomes available.
			Are there any precautions I should take because my vehicle is part of Safety Recall 60D1?	Yes. A burning odor or smoke coming from the front of the sunroof frame indicates that the sunroof LED module may have short circuited. If this happens, DO NOT continue driving and DO NOT open the sunroof. Doing so will only increase the risk of fire. Get safely away from the vehicle and dial 911 for emergency assistance. DO NOT attempt to extinguish a vehicle fire on your own.
