Dear Mr. Adams:

This letter serves to acknowledge Seats Incorporated's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Makes/Models/Model Years:

SEATS INCORPORATED/ABTS 6-WAY/9999

Mfr's Report Date: May 30, 2019

NHTSA Campaign Number: 19E-037

Components:

SEATS

Potential Number of Units Affected: 40

Problem Description:

Seats Incorporated is recalling certain ABTS 6-way, seats, part number 314313. Due to poor weld penetration, the motor mount for the front vertical adjustment may separate and the riser may come out of position, causing the seat to unexpectedly move. As such, these seats fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 207, "Seating Systems."

Consequence:

In the event of a forward impact crash, the front vertical adjustment may inadvertently adjust, increasing the risk of injury.

Remedy:

The remedy for this recall is still under development. The manufacturer has not yet provided a notification schedule. Owners may contact Seats Incorporated customer service at 1-800-767-3287.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please provide a list of the vehicle manufacturers that purchased the affected seats.
