Subject: Tire Missing Date of Manufacture/FMVSS 119

Dear Rick Muise:

This letter serves to acknowledge Dynamic Tire Corp.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

SAILUN/S698 157/154 L PR20/315/80R22.5

Mfr's Report Date: January 29, 2019

NHTSA Campaign Number: 19T-001

Components:

TIRES:MARKINGS

Potential Number of Units Affected: 130

Problem Description:

Dynamic Tire Corp (Dynamic) is recalling certain Sailun tires, S698 157/154 L PR20, size 315/80R22.5, produced June 18, 2018- June 25, 2018. The TIN (Tire Identification Number) on the tire sidewall is incomplete and does not include the date of manufacture. As such, these tires fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 119, "New Pneumatic tires- other than passenger cars."

Consequence:

Tires with an incomplete TIN and subject to a safety recall would be impossible to identify as being affected by a safety recall. Using tires affected by a safety recall can increase the risk of a crash.

Remedy:

Dynamic Tire has notified owners, and dealers will reimburse the purchase price or replace the tire, free of charge. The recall began February 12, 2019. Owners may contact Dynamic Tire customer service at 1-905-595-5558.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

NHTSA is missing critical, required information for this safety recall. This information must be supplied through the NHTSA Recalls Portal within 5 working days of confirming its accuracy:

- Dynamic's program shall include a plan for reimbursing an owner or purchaser who incurred costs to obtain a remedy for the problem addressed by the recall within a reasonable time in advance of Dynamic's notification of owners, purchasers and dealers, in accordance with § 573.13 of this part. Dynamic's plan may incorporate by reference a general reimbursement plan it previously submitted to NHTSA, together with information specific to the individual recall. Information required by § 573.13 that is not in a general reimbursement plan shall be submitted in Dynamic's report to NHTSA under this section. If Dynamic submits one or more general reimbursement plans, Dynamic shall update each plan every two years, in accordance with § 573.13. Dynamic's remedy program and reimbursement plans will be available for inspection by the public at NHTSA headquarters (49 CFR 573.6 (c)(8)(i)). If the vehicles are new and would be covered under the manufacturer's warranty program, please state that in the remedy section of your filing.

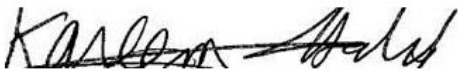

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Shiver who may be reached by phone at (202) 366-7401, or by email at sarah.shiver@dot.gov. We look forward to working with you.

Sincerely,

Kareem Habib
