Mfr's Report Date: January 9, 2019

NHTSA Campaign Number: 19V-006

Components:

AIR BAGS: PASSENGER SIDE FRONTAL

Potential Number of Units Affected: 11,176

Problem Description:

Ferrari North America (Ferrari) is recalling certain 2014 Ferrari California, 2014-2015 Ferrari 458 Italia, 458 Spider, 2014-2016 Ferrari FF, 2014-2017 Ferrari F12, 2015-2018 Ferrari California T, 2015 Ferrari 458 Speciale A, 2016 Ferrari F60 America, 2016-2017 Ferrari F12 tdf, 2016-2018 Ferrari 488 GTB, 488 Spider, and 2017-2018 Ferrari GTC4Lusso vehicles nationwide.

These vehicles are equipped with certain air bag inflators assembled as part of the passenger frontal air bag modules used as original

equipment or replacement equipment. In the event of a crash necessitating deployment of the passenger frontal air bag, these inflators may explode due to propellant degradation occurring after long-term exposure to absolute humidity and temperature cycling.

Consequence:

An inflator explosion may result in sharp metal fragments striking the driver or other occupants resulting in serious injury or death.

Remedy:

Ferrari will notify owners, and dealers will replace the passenger frontal air bag assembly, free of charge. The recall is expected to begin March 9, 2019. Owners may contact Ferrari customer service at 1-866-551-2828. Ferrari's number for this recall is 65.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
