Potential Number of Units Affected: 1,164

Problem Description:

KZRV, L.P. (KZRV) is recalling certain 2019 RV Sonic Lite, Sportsmen Classic and Escape recreational trailers equipped with a Capital liquid propane (LP) Gas Drop-in 2 Burner cooktop. The cooktop's flame may become inverted when the furnace is running.

Consequence:

Remedy:

KZRV will notify owners, and dealers will replace the existing cooktop with a cooktop by another manufacturer, free of charge. The recall is expected to begin May 3, 2019. Owners may contact KZRV customer service at 1-800-768-4016 extension 154 or 153. KZRV's number for this recall is KZ-2019-01.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to KZR's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
