Subject: Steering Wheel May Detach From Steering Column

Dear Ms. Shute:

This letter serves to acknowledge Chrysler (FCA US LLC)'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

JEEP/WRANGLER/2019
RAM/1500/2019

Mfr's Report Date: March 14, 2019

NHTSA Campaign Number: 19V-201

Components:

STEERING

Potential Number of Units Affected: 52

Problem Description:

Chrysler (FCA US LLC) is recalling certain 2019 Jeep Wrangler and 2019 Ram 1500 vehicles. These vehicles have improperly machined steering column stub shafts that may break, possibly causing the steering wheel to detach from the steering column.

Consequence:

If the steering wheel detaches from the steering column, the driver may lose control of the vehicle, increasing the risk of crash.

Remedy:

Chrysler will notify owners, and dealers will inspect the steering column, replacing it, as necessary, free of charge. The recall is expected to begin May 3, 2019. Owners may contact FCA US customer service at 1-800-853-1403. Chrysler's number for this recall is V29.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Chrysler's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

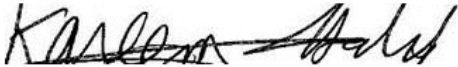

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to FCA US LLC's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Shiver who may be reached by phone at (202) 366-7401, or by email at sarah.shiver@dot.gov. We look forward to working with you.

Sincerely,

Kareem Habib
