**Subject:** Fresh Water Tank Supports may Fail

Dear Ms. Tobias:

This letter serves to acknowledge Jayco, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

JAYCO/JAY FLIGHT/2019

**Mfr's Report Date:** April 30, 2019

**NHTSA Campaign Number:** 19V-335

**Components:**

EQUIPMENT:RECREATIONAL VEHICLE

**Potential Number of Units Affected:** 86

**Problem Description:**

Jayco, Inc. (Jayco) is recalling certain 2019 Jay Flight TF travel trailers, model 32RLOK. The supports for the fresh water tank may be too thin, resulting in the brackets breaking and the tanks detaching from the trailer.

**Consequence:**

A detached water tank would be a road hazard, increasing the risk of crash.

**Remedy:**

Jayco has notified owners, and dealers will install a threaded rod in the center of the water tank support apparatus to provide additional support, free of charge. The recall began May 9, 2019. Owners may contact Jayco customer service at 1-800-517-9137. Jayco's number for this recall is 9901433.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please explain how this recall was scoped, specifically describing how Jayco was able to determine that only these trailers may be affected.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kristin Lepper who may be reached by phone at 202-366-5227, or by email at [kristin.lepper@dot.gov](mailto:kristin.lepper@dot.gov). We look forward to working with you.

Sincerely,
