Subject: Wire can Draw Excessive Current and Melt

Dear Mr. Becker:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FOREST RIVER/R-POD/2019-2020

Mfr's Report Date: May 10, 2019

NHTSA Campaign Number: 19V-356

Components:

ELECTRICAL SYSTEM:FUSES AND CIRCUIT BREAKERS
ELECTRICAL SYSTEM:WIRING

Potential Number of Units Affected: 1,346

Problem Description:

Forest River, Inc. (Forest River) is recalling certain 2019-2020 R. Pod travel trailers. The wire for the refrigerator's spark igniter may have been connected to a breaker that permits a current higher than the wire can handle.

Consequence:

Without the proper circuit breaker protection, the wire can melt, increasing the risk of fire.

Remedy:

Forest River will notify owners, and dealers will move the wire from the 30 AMP circuit to the designated 15 AMP circuit, free of charge. The recall is expected to begin June 19, 2019. Owners may contact Forest River customer service at 1-574-642-3119. Forest River's number for this recall is 80-1011.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Forest River's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kristin Lepper who may be reached by phone at 202-366-5227, or by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Kareem Habib
Acting Chief, Recall Management Division
Office of Defects Investigations
Enforcement
