Potential Number of Units Affected: 37

Problem Description:

Forest River, Inc. (Forest River) is recalling certain 2017-2019 Shasta Revere SHT32FE recreational trailers. The liquid propane (LP) gas line may have been improperly installed through the wheel-well, allowing the gas line to be damaged by road debris kicked up by the tires.

Forest River will notify owners, and dealers will re-reroute the LP gas line so that road debris cannot damage it, free of charge. The recall is expected to begin June 22, 2019. Owners may contact Forest River customer service at 1-574-825-8717. Forest River's number for this recall is 53-0995.

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
