Subject: Aerial Device May Become Unstable and Collapse

Dear Mr. Chard:

This letter serves to acknowledge Altec Industries Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

ALTEC/AERIAL DEVICE/2016-2019

Mfr's Report Date: June 4, 2019

NHTSA Campaign Number: 19V-409

Components:

EQUIPMENT

Potential Number of Units Affected: 435

Problem Description:

Altec Industries Inc. (Altec) is recalling certain 2016-2019 LR7 Series Aerial Devices. The aerial device can be operated without the rear outriggers being deployed, which may cause the unit to be unstable.

Consequence:

An unstable aerial device may suddenly collapse, increasing the risk of injury.

Remedy:

Altec will notify owners, and dealers will inspect the vehicles and correct them to require the proper outrigger operation, as necessary, free of charge. The recall is expected to begin July 30, 2019. Owners may contact Altec customer service at 1-877-462-5832. Altec's number for this recall is CSN 720.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at michelle.rice@dot.gov. We look forward to working with you.

Sincerely,

Joshua Neff
Acting Chief, Recall Management Division
