Problem Description:

Volkswagen Group of America, Inc. (Volkswagen) is recalling certain 2019 Audi Q5 and SQ5 vehicles. In the event of a crash deploying the passenger's frontal air bag, the instrument panel carrier may break due to incorrect welding. If the carrier breaks, there may be damage to the passenger frontal air bag.

Remedy:

Audi will notify owners, and dealers will replace the instrument panel and the passenger frontal air bag, free of charge. The recall is expected to begin August 18, 2019. Owners may contact Volkswagen customer service at 1-800-253-2834. Volkswagen's number for this recall is 90N1.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.
