FOREST RIVER/FLAGSTAFF/2019-2020

Mfr's Report Date: August 2, 2019

NHTSA Campaign Number: 19V-570

Components:

TRAILER HITCHES:FIFTH WHEEL ASSEMBLY

Potential Number of Units Affected: 1,809

Problem Description:

Forest River, Inc. (Forest River) is recalling certain 2019-2020 Flagstaff and Cherokee Arctic Wolf recreational trailers equipped with MORyde Orbital or You Turn Rubber Pin Box Wedge Kits. The pin boxes may have been equipped with bolts 1-3/4" in length when they should be equipped with 2" long bolts.

Consequence:

The incorrect bolts may allow the rotating pin box to rotate in two places, increasing the risk of a crash.

Remedy:

Forest River will notify owners, and dealers will inspect the bolts and replace them as necessary, free of charge. The recall is expected to begin September 11, 2019. Owners may contact MORyde customer service at 1-574-293-1581 or Forest River customer service at 1-574-642-8954 (Flagstaff) or 1-260-499-2100 (Cherokee). Forest River's number for this recall is 51-1065.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Forest River's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
