**Subject:** Backup Battery Opening Exposed

Dear Mr. Mole:

This letter serves to acknowledge Daimler Vans USA, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

MERCEDES BENZ/METRIS/2016-2020

**Mfr's Report Date:** October 8, 2019

**NHTSA Campaign Number:** 19V-715

**Components:**

ELECTRICAL SYSTEM:BATTERY

**Potential Number of Units Affected:** 15,160

**Problem Description:**

Daimler Vans USA, LLC (DVUSA) is recalling certain 2016-2019 Mercedes-Benz Metris vehicles. The integrated backup battery compartment located underneath the front passenger's seat may not have its own cover, potentially exposing the battery when the seat is moved forward.

**Consequence:**

If conductive material, such as metal, unintentionally drops into the opening and contacts the terminals on the battery, an electrical short can occur, increasing the risk of a fire.

**Remedy:**

DVUSA will notify owners, and Mercedes-Benz dealers will install covers over the battery compartment area, free of charge. The recall is expected to begin November 22, 2019. Owners may contact DVUSA customer service at 1-877-762-8267. DVUSA's number for this recall is VS2SITZAB.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please be reminded of the following requirements:

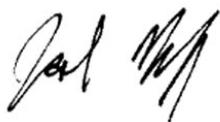

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at [michelle.rice@dot.gov](mailto:michelle.rice@dot.gov). We look forward to working with you.

Sincerely,
