Mfr's Report Date: November 19, 2019

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 2

Problem Description:

Daimler Trucks North America LLC (DTNA) is recalling certain 2020 Freightliner Econic SD vehicles. The vehicle certification label contains the incorrect gross axle weight rating (GAWR) information. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 120, "Wheels and Rims- Other Than Passenger Cars."

Consequence:

The incorrect weight rating information can result in overloading of the axles, increasing the risk of a crash.

Remedy:

DTNA reports that all affected vehicles have been remedied with new labels and tires, therefore owner notifications will not be sent. The recall began November 19, 2019. Owners may contact DTNA customer service at 1-800-547-0712. DTNA's number for this recall is FL-840.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

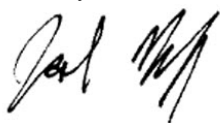

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
