

New Safety Recall Advanced Communication – VA4

FCA US LLC (FCA US) has announced an equipment safety recall on certain Mopar Passenger Airbag Modules (PAB) (part number 68335088AA) intended for 2019 Model Year (LD) Dodge Charger vehicles.

REASON FOR THIS SAFETY RECALL

Suspect Passenger Airbag Modules (PAB), part number 68335088AA, were shipped to dealers prior to development testing completion. Suspect PABs without developmental testing completed may not perform as expected when commanded to deploy in a vehicle crash. A PAB that does not perform as expected may increase the risk of injury to a front seat passenger when commanded to deploy in a vehicle crash.

SERVICE ACTION

FCA US will conduct a voluntary safety recall to replace suspect PABs with the correct PABs. The remedy for this condition is not currently available. Dealers will be notified of the launch of this safety recall by way of established communication methods. This recall is estimated to launch in 3rd Quarter of 2019.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries regarding involved vehicles.
