Replace Rear Seat Back

This is to notify you of a Recall Campaign launch regarding the rear seat back on 8 Model Year (“MY”) 2018-2019 GLA-Class (X156 platform) vehicles. The recall campaign will be visible on the www.safercar.gov website and may generate questions from customers. Affected VINs will be flagged in VMI as “OPEN” on March 22, 2019.

Background

Issue

Daimler AG (“DAG”), the manufacturer of Mercedes-Benz vehicles, has determined that on certain Model Year (“MY”) 2018-2019 GLA-class (X156 platform) vehicles, an incorrect rear seat back covering (carpet) could have been installed on the split-rear seat back. As a result, the child seat anchorage point (top tether) on the center position of the rear seat would be covered and inaccessible for use. The customer might not be able to attach a child restraint system with the top tether anchorage point on the center position of the rear seat as described in the Operator's manuals.

What We’re Doing

MBUSA will conduct a voluntary recall. An authorized Mercedes-Benz dealer will check the rear seat back covers on the affected vehicles and replace them, if necessary.

Parts

Parts are available and can be ordered as necessary.

Vehicles Affected

Vehicle Model Year(s) 2018-2019
Vehicle Model GLA-Class

Vehicle Populations

<td>0</td>
</tr>
</tbody>
</table>

Given this notice, it is a violation of Federal law for a dealer to sell or lease any new MY18-19 GLA-Class vehicles in dealer inventory covered by this notification until the vehicle has been repaired. Once the remedy is available, the vehicles will be flagged as “OPEN” and Work Instructions will be available in Star TekInfo. Once the repair is complete, the vehicle may be sold or leased.

Loaner and demonstrator vehicles may continue to be driven, but must not be retailed until repaired.

Additionally, given this notice, it is a violation of Federal Law for car rental companies to rent new MY18-19 GLA-Class vehicles covered by this notification until the vehicle has been repaired.

Next Steps/Notes

Customer Notification Timeline

Customer letters will be mailed approximately one week after the remedy becomes available.

AOMS/SOMS

AOMs – This recall may generate questions from your dealers. Please forward this notice to your dealers ASAP.

Rental Fleet Partners

This recall may affect vehicles in your fleet. Please contact your respective MBUSA fleet representative for further information and next steps. For repairs, please contact your preferred MBUSA dealer.

While we regret any inconvenience this may cause, MBUSA is determined to maintain a high level of vehicle quality and customer satisfaction. Please refer all customer inquiries to the Customer Assistance Center at 1-800-FOR-MERCEDES.
TO: ALL MERCEDES-BENZ CENTERS

SUBJECT: Model GLA-class (156 platform)
Model Year 2018-2019
Top Tether Rear Backrest Cover

Daimler AG ("DAG"), the manufacturer of Mercedes-Benz vehicles, has determined that on certain Model Year ("MY") 2018-2019 GLA-class (156 platform) vehicles, an incorrect rear seat back covering (carpet) could have been installed on the split rear seat back. As a result, the child seat anchorage point (top tether) on the center position of the rear seat would be covered and inaccessible for use. The customer might not be able to attach a child restraint system with the top tether anchorage point on the center position of the rear seat as described in the Operator’s manuals. An authorized Mercedes-Benz dealer will check the rear seat back covers on the affected vehicles and replace them, if necessary.

Prior to performing this Recall Campaign:
• Please check VMI to determine if the vehicle is involved in the Campaign and if it has been previously repaired.
• Please review the entire Recall Campaign bulletin and follow the repair procedure exactly as described.

Please note that Recall Campaigns do not expire and may also be performed on a vehicle with a vehicle status indicator.

Approximately 8 vehicles are involved.

Order No. P-RC-2019030003
This bulletin has been created and maintained in accordance with MBUSA-SLP S423QH001, Document and Data Control, and MBUSA-SLP S424HH001, Control of Quality Records.
Procedure

1. Remove left rear seat backrest.
   - For basic data, see AR91.12-P-1720NKB.

2. Remove armrest from rear seat backrest.
   - For basic data, see AR91.12-P-1745NKB.

3. Install new left rear seat backrest panel (A, Figure 1).
   - To do this, pull cover of rear seat backrest around the backrest frame from the guide using an extraction hook and remove rear seat backrest panel.
   - For basic data, see AR91.18-P-1874NKC.
