

**Safety Recall: Jayco 19V-172 2019-126
March 2019**

IMPORTANT SAFETY RECALL

Dear Valued Dealer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Jayco has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2018 Seismic and Talon fifth wheels.

***Reason for
this recall***

The fastening method used to secure the fuel tank may be incorrect, which could lead to broken and/or loosening of bolts securing the tanks over time. Once the braces securing the fuel tank fail, there will be nothing to support the tank. Separation of the fuel tank from the fifth wheel, increases the risk of an accident, fire and/or property damage.

***Recall
Remedy***

Inspect the fastening method used to secure each fuel tank and replace bolts as needed.

All pertinent information regarding this recall is available under the Service and Parts Tab of our Website. If you need further assistance, please Contact Customer Service at 800-283-8267.

***What we
need you to
do***

Our records show the following unit is affected by this recall and is currently part of the inventory at your Dealership. The Recall Remedy must be completed on this unit **prior** to customer delivery.

VIN

Federal law requires that all units in your inventory be repaired prior to delivery to a customer. If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. In addition, please register the unit by submitting the Warranty Registration.

We certainly regret this inconvenience; however, our Customers' safety is our most important priority.

Sincerely,
Jayco Towables
