## **IMPORTANT RECALL INFORMATION #190412REV**

May 2019

**TO: ALL REV RECREATION GROUP DEALER PRINCIPALS,  
SERVICE MANAGERS AND PARTS MANAGERS**

**SUBJECT: RECALL CAMPAIGN #190412REV  
Generator Exhaust Pipe Routing**

REV Recreation Group Inc. on behalf of its manufacturing center located in Decatur, Indiana, is requesting your assistance in conducting a voluntary recall notification campaign in accordance with the United States National Traffic and Motor Vehicle Safety Act and the Canada Motor Vehicle Safety Act.

REV Recreation Group Inc. has decided that a safety defect relating to motor vehicle safety exists in certain model year 2019 Class A gas motorhomes.

Fleetwood Flair Model 32 S - manufactured 6/20/2018 – 2/22/2019

Holiday Rambler Admiral Model 32 S - manufactured 6/29/2018 – 3/22/2019

We are notifying the owners of the affected units in order to correct the problem. Copies of the letters sent to owners of record are attached for your information.

### ***WHAT IS THE PROBLEM?***

On motorhomes affected by this recall, the generator exhaust pipe was routed to exit the motorhome within its departure angle. This could cause the exhaust pipe to become damaged or sheared off if the vehicle is driven on an incline.

If the generator exhaust pipe is damaged or sheared off, it may cause carbon monoxide to intrude inside the vehicle, which could result in illness or death.

### ***WHAT SHOULD YOU DO?***

Owners of the above mentioned motorhomes have been asked to contact an authorized REV Recreation Group dealer to have the described defect remedied. In the event that you are contacted by a customer, please verify eligibility by referring to the serial number range listed in the attached **Recall Service Bulletin 190412REV** prior to beginning repairs.

Once repairs have been completed according to **Recall Service Bulletin #190412REV**, have the customer sign your dealership's **Internal Repair Order**. Warranty labor claims are to be submitted electronically to REV Recreation Group. Customers will not be charged for these repairs.

If you have one of these vehicles in your inventory, you will be mailed a Safety Recall Notice for that specific motorhome. REV Recreation Group dealers are required to make repairs to stock units on dealer lots prior to sale or lease.

**Federal Law (Section 154 of the National Highway Traffic and Motor Vehicle Safety Act) of 1966 requires that: If you have received a notice of recall or failure to comply from REV Recreation Group Inc. or any component manufacturer, you must repair or otherwise correct the defect on vehicles remaining in your inventory according to the notification before selling or leasing the vehicles. Any vehicle lessor receiving this recall notice must forward a copy of the notice to the lessee within ten days.**

Please carefully review this entire package with your parts and service staff to familiarize them with the step-by-step procedure and implement the Voluntary Recall Campaign.

Thank you for helping REV Recreation Group with its continuing efforts to maintain customer satisfaction. If you have any questions, please contact your REV Recreation Group Service Center.

Sincerely,

**REV RECREATION GROUP INC.**
