URGENT NOTICE REGARDING SAFETY RECALL

TO: [Dealer Owner/GM]

DATE: May 9, 2019

REGARDING: Jeep Wrangler Vehicles - American Fastback Edition: Badlands Model

Erwin Hymer Group USA L.P. dba American Fastbacks ("EHGUSA-AF") has determined that a defect which relates to motor vehicle safety may exist in the above listed vehicles sold by EHGUSA-AF. **You must stop operating the above referenced vehicle models at this time.** EHGUSA-AF has learned that vehicles with an installed roof-top tent are a possible safety risk. A quality issue in a part manufactured by a third-party may cause the roof top tent to crack under extreme weather conditions, which case lead to the top cover becoming detached from a driving vehicle.

The company is in the process of filing a report with the National Highway Traffic Safety Administration. Please note that the affected vehicles are already subject to an earlier NHTSA recall. This is an additional recall that only affects the Badlands Models.

It is a violation of Federal law for a dealer to sell or lease a new motor vehicle covered by this notification. **Dealers may not sell or lease vehicles currently in their possession to consumers.**

Dealers must provide contact information to EHGUSA-AF for consumers who purchased vehicles so that appropriate notices can be transmitted to them.

You must stop operating the above referenced vehicle models.

Please call us as soon as possible at 1.909.417.1298 or antoniog@americanfastbacks.com

Kind Regards,

J. Antonio Gonzalez
Head of Operations
Erwin Hymer Group dba American Fastbacks / Cliffride
