

IMPORTANT SAFETY RECALL

February 2020

This notice applies to your vehicle, **VIN:** _____

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect which relates to motor vehicle safety exists in certain flip key/RKE transmitter assemblies that may have been sold as replacement keys for 2010 – 2015 model year Chevrolet Camaro vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your vehicle is involved in GM safety recall N192223230.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.

Why is your vehicle being recalled?

Our records indicate that you may have been sold the recalled flip key/RKE transmitter assembly. There is a risk that some drivers may bump the ignition “flip” key with their knee and unintentionally move the “flip” key away from the “run” position. If this occurs, engine power, and power braking will be affected, and power steering may be affected increasing the risk of a crash. If the ignition switch is not in the run position, the air bags may not deploy if the vehicle is involved in a crash, increasing the risk of injury or fatality.

What will we do?

Your GM dealer will remove the key blade from the original flip key/RKE transmitter assemblies provided with your vehicle, and provide two new keys and two key rings per key. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 55 minutes.

What should you do?

To order the parts needed for your vehicle, your <DIV_DLR> dealer will need your vehicle’s Vehicle Identification Number (VIN). The VIN has 17 alpha-numeric characters and is shown imprinted on a tag on the top of the driver’s side instrument panel where the windshield and instrument panel meet.

Please provide this information to your dealer as soon as possible. When the parts arrive, your dealer will contact you to arrange a service appointment. When you arrive for your appointment, please bring proof of vehicle ownership and both sets of keys with their RKE transmitters.

Until the recall has been performed, it is very important that you adjust your seat and steering column to allow clearance between your knee and the ignition key.

Did you already pay for this repair?

Even though you may have previously had repairs for this condition, you will still need to take your vehicle to your dealer for additional repairs. If you have already paid for repairs for the recall condition, please complete the enclosed reimbursement form and present it to your dealer with all required documents. Working with your dealer will expedite your request, however, if this is not convenient, you may mail the completed reimbursement form and all required documents to Reimbursement Department, PO Box 33170, Detroit, MI 48232-5170. The completed form and required documents must be presented to your dealer or received by the Reimbursement Department by February 28, 2021, unless state law specifies a longer reimbursement period.

Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center at the number listed below.

Division	Number	Text Telephones (TTY)
Chevrolet	1-800-630-2438	1-800-833-2438
Puerto Rico – English	1-800-496-9992	
Puerto Rico – Español	1-800-496-9993	
Virgin Islands	1-800-496-9994	

If after contacting your dealer and the Customer Assistance Center, you are still not satisfied we have done our best to remedy this condition without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590, or call the toll-free Vehicle Safety Hotline at 1.888.327.4236 (TTY 1.800.424.9153), or go to <http://www.safercar.gov>. The National Highway Traffic Safety Administration Campaign ID Number for this recall is 19E064.

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
