

IMPORTANT SAFETY RECALL 19V-163

Whelen Recall 18E-063

4/9/2019

Dear 

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. LDV has been notified by Whelen Engineering Co Inc. that the 2018 Freightliner M2 from LDV has a recall pertaining to the Model 90BTT Brake Lights installed. See VEHICLE VIN listing below.

Why is the Recall being conducted:

Whelen brake light models subject to this recall, these brake lights may illuminate when the brake pedal has not been pressed. They can then be returned to normal operation when a brake input is applied and then removed. Whelen determined that the root cause of this condition was tied to transient voltage on the input line creating a false and steady activation of the brake light. The condition is dependent on the specific wiring of the vehicle and other installed equipment. The product functions normally if it is not exposed to these specific conditions, but the condition can occur in all products subject to this recall. If the brake lights incorrectly illuminate, it can confuse other drivers, possibly increasing the risk of a crash.

What is Whelen doing about the Problem ?

Whelen will provide a replacement brake light and support services free of charge to any customer who possesses a recalled brake light model. Whelen will also fully reimburse you for any reasonable labor charges for the time needed to replace the recalled brake lights on your vehicles. Whelen will also fully reimburse customers for shipping costs associated with the return of recalled brake lights to Whelen. If you believe that the service provider has failed or is unable to remedy the defect in your vehicle, without charge, within a reasonable period of time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., SE, Washington, DC 20590. Alternatively, you may call the NHTSA's toll-free Safety Hotline at 888-327-4236 (TTY 800-424-9153), or go to <http://www.safercar.gov>.

Please contact LDV Service at (262)757-2418. LDV will work directly with Whelen to have replacement lights sent.

Thank you,

VEHICLE VIN
