IMPORTANT SAFETY RECALL

This notice applies to your vehicle(s):

Dear KME Vehicle Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Why is a recall being conducted?

KME has decided that a defect which relates to motor vehicle safety exists in certain model year 2018 KME Tractor-Drawn Aerial vehicles manufactured from April 2018 through June 2018 equipped with certain aerial inlet waterway piping.

KME determined that a weld joint on the lower aerial waterway inlet piping may have been welded with an improperly prepared weld joint, which may lead to weld joint failure. If the weld joint fails while the piping is charged or charging with water, a piece of the piping may detach and be ejected from the vehicle and injure bystanders.

What are we doing about the problem?

KME will replace the affected sections of the lower waterways at no charge to the owner. The estimated time to complete the replacement is 4 hours.

What should you do?

If you receive this notification, please contact your KME Dealer or KME Customer Service at (570) 669-5230 to schedule an appointment to have your vehicle(s) remedied.

INCLUDED WITH THIS LETTER IS AN OWNER RESPONSE CARD TO BE FILLED OUT AND RETURNED TO KME. Please have your Truck VIN or GSO available. After the repair has been completed, please fill in the appropriate information on the enclosed Owner Response Postcard, sign it, and return it to:

What if you no longer own this vehicle?

If you are not the current owner of the vehicle, please indicate this on the Owner Response Postcard and return the card to us.

Federal law requires any lessor who receives a notification of a safety related defect or noncompliance pertaining to any leased motor vehicle shall send the notice to the lessee within 10 days. If you are no longer the owner of this vehicle, please provide us with any contact information so we may contact the new owner.

If you have already paid to have your vehicle repaired for this condition, you may be eligible for reimbursement of the charges you paid for the repair or replacement of components. To learn more about what you need to do to obtain reimbursement, contact our customer service department.

If after having attempted to take advantage of this recall you believe you have not been able to have your vehicle remedied without charge and within a reasonable amount of time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., S.E., Washington, D.C., 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.
