IMPORTANT SAFETY RECALL

See enclosed VIN list

Subject: Air Tank Reservoir Capacity

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*.

Daimler Trucks North America LLC (DTNA), on behalf of its Freightliner Trucks Division and wholly owned subsidiary, Western Star Truck Sales, Inc., has decided that a defect that relates to motor vehicle safety exists on specific Model Year 2005-2019 Freightliner 108SD, 114SD, 122SD, Argosy, Business Class M2, Cascadia, Classic, Columbia, Coronado, FL80, and FLD120; Sterling Acterra, L-Line, and LT-Line; and Western Star 4700, 4900, and 6900 model vehicles manufactured January 8, 2004, through October 12, 2018.

Certain vehicles do not comply with Federal regulations regarding air brakes (FMVSS 121). FMVSS requires the combined volume of all service reservoirs and supply reservoirs to be at least 12 times the combined volume of all the service brake chambers. An insufficient ratio can affect brake performance if several brake applications are required over a short period. Reduced brake effectiveness could increase the risk of a vehicle crash if several brake applications are required over a short time.

The air brake tank, located on the chassis, will be replaced with a larger tank, or an additional tank will be added. Repairs will be performed by DTNA authorized service facilities.

This letter is inform you that based on the information provided during the FL815B inspection, the final repair is now available for your vehicle. Please contact an authorized DTNA dealer to arrange to have the recall performed.

IMPORTANT: This repair MUST be scheduled in advance in order to ensure the dealership has received the custom instructions and parts list for your vehicle.

To locate an authorized dealer, search online at Daimler-TrucksNorthAmerica.com/Contact-us. Scroll down to "Locate a Dealer" and select the appropriate brand. The Recall can take several hours and will be performed at no charge to you. You may also confirm your vehicle's involvement in this recall at the following URL:
