URGENT SAFETY RECALL

This is an important Safety Recall. The remedy will be performed **FREE OF CHARGE** to you.

IMPORTANT SAFETY RECALL (*Remedy Notice*)

**Certain 2019 Model Year Rav4 Hybrid
Potential Loss of Power Brake Assist
NHTSA Recall No. 19V-544**

Dear (customer's First/Last name)

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Toyota has decided that certain 2019 model year Rav4 Hybrid vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 126, Electronic Stability Control Systems.

You received this notice because our records, which are based primarily on state registration and title data, indicate that you are the current owner.

What is the condition?

In the subject vehicles, there is a possibility the brake booster pump may stop operating. Braking assist could be lost completely after several brake pedal applications, resulting in increased stopping distance. Also, the Vehicle Stability Control will become deactivated, and other vehicle features could be affected. Deactivating the Vehicle Stability Control system may cause the subject vehicles to not meet the certain requirements of FMVSS No. 126. **A deactivated Vehicle Stability Control or a sudden and complete loss of braking assist while driving could increase the risk of a crash.**

What should you do?

Please contact any authorized Toyota dealer to schedule an appointment to have the remedy performed as soon as possible. **The remedy will require parts replacement. We recommend you contact your dealer to schedule an appointment in advance to confirm parts availability and minimize your inconvenience. Your local Toyota dealer will be more than happy to answer any of your questions.**

What will Toyota do?

Any authorized Toyota dealer will replace the brake booster pump with a new one, **FREE OF CHARGE** to you.

This is an important Safety Recall

Brake booster pump replacement will take approximately six hours. However, depending on the dealer's work schedule, it may be necessary to make your vehicle available for a longer period of time. To minimize your inconvenience, your Toyota dealer may offer you a **FREE** loaner vehicle while the repair is being completed on your vehicle.

If the condition occurs, multiple warning lights and messages will illuminate, and audible chimes will sound prior to losing power brake assist.

NOTE: It is possible for the lights above to be illuminated and the condition not be related to this Safety (Noncompliance) Recall.

If the vehicle is experiencing the condition described and you are unable to drive the vehicle to the dealership, please contact your local authorized Toyota dealer who will arrange for vehicle pickup.

What if you are not the owner or operator of this vehicle?

If you are a vehicle lessor, Federal Law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you know the current owner or operator, please forward this letter to them.

If you would like to update your vehicle ownership or contact information, you may do so by registering at www.toyota.com/owners. You will need your full 17-digit Vehicle Identification Number (VIN) to input the new information.

If you believe that the dealer or Toyota has failed or is unable to remedy the defect within a reasonable time or without charge, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue S.E., Washington, D.C. 20590, or call the toll free Vehicle Safety Hot Line at **1-888-327-4236 (TTY: 1-800-424-9153)**, or go to <http://www.safercar.gov>.

We have sent this notice in the interest of your continued satisfaction with our products. We sincerely regret any inconvenience this condition may have caused you.

Thank you for driving a Toyota.

Sincerely,

Toyota Motor Sales, USA
