Get access to recall notifications, locate your nearest dealer, and more through this website or Mopar Owner's Companion App. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

#### DEALERSHIP INSTRUCTIONS

Please reference Safety Recall V84.

# IMPORTANT SAFETY RECALL

## Body Control Module

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US has decided that a defect, which relates to motor vehicle safety, exists in certain [2018 and 2019 Model Year Alfa Romeo® Giulia and Alfa Romeo® Stelvio] vehicles.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The Body Control Module (BCM) on your vehicle <sup>[1]</sup> may have been built with suspect software that may indicate an incorrect fuel level (higher) on the cluster in specific conditions, which may cause the customer to run out of fuel even though the indicator shows that there is still fuel in the vehicle. The specific conditions include being parked on a grade of more than 10 degrees, staying in that position for a long enough period of time (approx. 30 minutes), and having a tank filled between 50-75%. At this point, the vehicle will think it went through a refuel and add a notch or two to the fuel gauge upon restart. This additional fuel reading will persist until an actual refuel takes place; after which, the fuel reading will be accurate once again. **Inaccurate fuel indication may increase the risk of an engine stall due to fuel starvation, and can cause vehicle crash without prior warning.**

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will update the BCM software to prevent the incorrect indication of the fuel level. The estimated repair time is one hour. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR ALFA ROMEO DEALER TODAY**

#### WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](https://www.fcarecallreimbursement.com) to submit your reimbursement request online. <sup>[3]</sup> Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
