Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year ("MY") 2018-2019 SL-Class. Our records indicate that your vehicle is included in the affected population of vehicles.

**What is the CONCERN?**

MBAG has determined that on certain MY 2018-2019 SL-Class vehicles (231 platform), the front passenger airbag material may not have been sewn according to production specifications. In the event of a crash necessitating airbag deployment, the passenger airbag material might tear at the circumferential seam, possibly affecting the performance of the airbag, which might increase the risk of injury for the front passenger.

**What will your DEALER DO?**

As a precautionary measure, an authorized Mercedes-Benz dealer will replace the passenger airbag in the affected vehicles. **This service will be provided free of charge.** We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be less than **1 hour**, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.

**What should YOU DO?**

To find the most convenient authorized Mercedes-Benz dealer from your smartphone, scan the QR code to the left.

For additional information and to schedule an appointment, please contact your preferred authorized Mercedes-Benz dealer at your earliest convenience.
