**Subaru Safety Recall WUP-01**  
**NHTSA Recall ID 19V-744**  
**December 2019**

**Dear Subaru Owner:**

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

SUBARU OF AMERICA, INC. has decided that a defect, which relates to motor vehicle safety, exists in certain 2017-2018 model year Impreza and 2018 model year Crosstrek vehicles.

You received this notice because our records indicate that you currently own one of these vehicles.

**REASON FOR THIS SAFETY RECALL**

The PCV valve may separate and allow engine oil to enter the combustion chamber, resulting in a visible change in appearance and/or the amount of tailpipe exhaust. If driving under this condition continues, separated components from the PCV valve may enter the engine.

**SAFETY RISK**

If separated components from the PCV valve enter the engine, the vehicle may experience a sudden loss of power while driving, increasing the risk of a crash.

**WHAT SUBARU WILL DO**

Subaru will inspect and, if necessary, replace the PCV valve and hose at no cost to you.

***What You Should Do***

You should contact any authorized Subaru retailer (dealer) for an appointment to have this safety recall repair performed, at no cost to you.

**HOW LONG WILL THE REPAIR TAKE?**

The time required for the PCV valve inspection and replacement is approximately 15 minutes. However, if it is determined that the PCV valve has already separated and components have entered the engine, the time required to complete these repairs could be up to 13 ½ hours. Your retailer can provide you with a better estimate of the overall time for this service visit, as it may be necessary to make your vehicle available for a longer period of time.

For your convenience, your retailer may provide you with a loaner or rental vehicle, at no cost to you, until the repair is complete.

**CALIFORNIA REGISTERED OWNERS**

The California Air Resources Board requires that emission related campaigns be completed prior to California's vehicle registration renewal process; without this repair, you will not be able to register your vehicle during your next annual registration. Upon completion of this campaign, your California dealer will complete and provide you a "Proof of Correction Certificate." If required, present the certificate to the California Department of Motor Vehicles (the "DMV") when renewing your California registration as proof of campaign completion. If the DMV does not request the certificate, we recommend that you keep it for your records.

In addition, the State of California requires that every vehicle must pass an emission test (SMOG Check) every two years and before it is sold. ***Without the repair we are providing at no charge, your vehicle may not pass this test.***

**OWNER INFORMATION**

Government regulations require that recall notifications be sent to the last known owner of record. That information is based primarily on state registration and title data. If you are a lessor of this vehicle, federal regulations require you to forward this notice to your lessee within ten days.

If you have moved or sold your vehicle, please update this information online at [www.subaru.com](http://www.subaru.com), select 'Customer Support,' then select 'Address Update' or 'Ownership Update' from the "Quick Links" menu.

**IF YOU HAVE PREVIOUSLY PAID FOR A REPAIR**

If you have already paid for repairs associated with this condition, you may be eligible for reimbursement. Reimbursement consideration will be based on the amount an authorized Subaru retailer in your area would charge for the same repair.

Please send the original service repair order, which has the name of the repair facility, date of repair, mileage at the time of repair, complete 17-digit vehicle identification number (VIN), and your name, with correct mailing address and telephone number to the address listed below.
