It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

### WHY DOES MY VEHICLE NEED REPAIRS?

The Electric Power Steering (EPS) gear on your vehicle <sup>[1]</sup> may have contamination which could cause a short circuit. A short in the control circuit components may result in an intermittent loss of power steering assist which may cause an inconsistent steering effort, especially during lower speed maneuvers. **Inconsistent steering effort can cause a vehicle crash without prior warning.**

### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will replace the EPS gear assembly. The estimated repair time is 1½ hours. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.
