

# Airbag Inflator Documentation

Using the scanner provided, record the following information and email to [Quality\\_compliance@toyota.com](mailto:Quality_compliance@toyota.com).  
Only send to Quality Compliance if you cannot access the scanning application at a later time.

In the subject line type **SSC (insert campaign designation) AIRBAG**. The information can also be typed if barcode does not scan (please ensure form is legible. All forms that are **not legible** will be rejected and require resubmission.)

**NOTE:** In the comments section below, please include a **detailed explanation** regarding the reason you are submitting this Job Aid. Failure to provide a detailed explanation may result in warranty claim rejection. If you received an error message you must include a screen shot of the error screen with the request.

**If the scanning application needs to be reset and the vehicle is still at the dealership contact [Quality\\_compliance@toyota.com](mailto:Quality_compliance@toyota.com) immediately.**

Date of Repair: \_\_\_\_/\_\_\_\_/\_\_\_\_ VIN
