

# IMPORTANT: SAFETY RECALL REMINDER

In November 2019, we notified you of a Safety Recall involving the horn stay on your 2019 CRF450L motorcycle. At the time, we advised owners of the following:

**The horn stay was insufficiently designed to tolerate motor resonance. The horn stay can break, and the horn can become unsecured. An unsecured horn can interfere with the motorcycle or fall into traffic, increasing the risk of a crash.**

According to our records, your affected motorcycle has not been repaired. Please call your authorized Honda Powersports dealer to schedule an appointment as soon as possible. This recall repair will be performed free of charge.

If your motorcycle has already been repaired, or if you no longer own this motorcycle, please let us know by filling out the included, postage paid, *Information Change Card*. We will update our records and stop sending you reminder notices.

If you have any questions about this recall, your authorized Honda Powersports dealer will be happy to assist you.

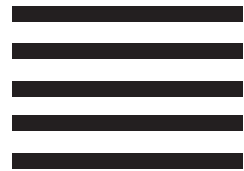

Sincerely,

**American Honda Motor Co., Inc.  
Powersports Products**
