**SAFETY RECALL RENOTIFICATION
 OWNER RENOTIFICATION 22R001**

Safety Recall completion is an important part of our commitment to customer satisfaction of Toyota products. Toyota will be conducting follow-up notifications to remind owners whose vehicles have not yet had Safety Recall repairs completed in the campaigns listed below.

We request your assistance in completing the applicable campaign repairs as owners receive follow-up notifications and contact your dealership. Please note the follow-up activity may cause an increase in owner appointments. Toyota plans to mail these follow-up activities in the months to come. Please take this into consideration when analyzing your staffing requirements.

Dealer Inventory Procedures

Pre-Owned Vehicles in Dealer Inventory

To ensure customer satisfaction, Toyota requests that dealers complete Safety Recalls and/or Service Campaigns on any used vehicles currently in dealer inventory prior to customer delivery. However, if the campaign cannot be completed (for example, due to remedy parts availability), delivery of a covered vehicle is acceptable if disclosed to the customer that the vehicle is involved in a Safety Recall and/or Service Campaign.

Toyota expects dealers to use the attached Customer Contact and Vehicle Disclosure Form to obtain vehicle buyer information. Dealers are expected to provide a copy of the completed form, along with the most current FAQ for that campaign, to the vehicle buyer. Toyota and the dealer may use this information to contact the customer when the remedy becomes available.

Keep the completed form on file at the dealership and send a copy to quality_compliance@toyota.com. In the subject line of the email state, "Disclosure Form "[19TA22, 20TA03, 20TA05, 20TA13](#)" and include the VIN [list only the campaign(s) involved].

NOTE: Dealers can identify if any of their new and used inventory has any open campaigns in the Vehicle Inventory Summary available in Dealer Daily (<https://dealerdaily.toyota.com/>). The Vehicle Inventory Summary may take up to 4 hours to populate information for newly launched campaigns.

Toyota Certified Used Vehicle (TCUV)

The TCUV policy prohibits the certification of any vehicle with an outstanding Safety Recall, Special Service Campaign, or Limited Service Campaign. Thus, no affected units are to be designated, sold, or delivered as a TCUV until all applicable Safety Recalls, Special Service Campaigns, and Limited Service Campaigns have been completed on that vehicle.

Toyota Rent-A-Car (TRAC) & Service Loaners

Toyota requests that dealers remove all TRAC and Service Loaner vehicles from service that are covered by a Safety Recall unless the defect has been remedied.

Customer Handling, Parts Ordering, and Remedy Procedures

Technical Instructions

Refer to TIS for Technical Instructions on repair. Conduct all non-completed Safety Recalls and/or Service Campaigns on the vehicle during the time of appointment.

Parts Ordering

The applicable parts ordering information can be found in the Dealer Letter and Technical Instructions of the *specific* campaign. As a general practice, please utilize the following guidelines to determine your parts order for this renotification activity:

- Check current stock levels.
- Subsequent orders should be based on customer appointments.
- Replenishment orders of parts should be based on a "sell one, buy one" basis.

Customer Handling

Toyota encourages dealerships to follow-up with their customers by telephone to encourage them to complete a Safety Recall and/or Service Campaign. The following word track has been provided for this purpose. To assure a consistent and accurate description of the Safety Recall and/or Service Campaign is communicated to the customer, dealership associates are requested to refer to the specific Safety Recall or Service Campaign Q&A (available in TIS) to answer any specific customer questions.
