IMPORTANT SAFETY RECALL (Interim Notice)

(NHTSA Recall Number: 19V101)

This notice applies to your vehicle: (Insert VIN)

April 10, 2019

Dear Kia Sportage Owner:

Kia has identified a defect in your vehicle which relates to motor vehicle safety.

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Kia Motors has decided that a defect which relates to motor vehicle safety exists in certain 2011-2012 MY Kia Sportage vehicles. The defect may cause oil to leak from the oil pan. If a vehicle is continued to be driven with an unrepaired oil leak, damage to the engine can occur and the vehicle could stall while in motion. An engine stall can increase the risk of a crash. There is also a possibility that a fire could occur, increasing the risk of injury.

This is only an interim letter as we work on the repair remedy. The purpose of this letter is to keep you informed of Kia's recall implementation plan. We will send you another letter when the free repair is available. HOWEVER, PLEASE SEE THE "WHAT SHOULD YOU DO IN THE INTERIM?" SECTION BELOW.

What Is The Problem?

The oil pan may have been improperly sealed during engine production. As a result, if the vehicle is continued to be driven with an oil leak, damage to the engine can occur and the vehicle could stall while in motion, increasing the risk of a crash. There is also the possibility that a fire can occur, increasing the risk of injury.

Please note that the following warnings may identify that the above condition is present. These include 1) oil on the ground after the vehicle is parked, 2) oil on underbody surfaces of the vehicle, 3) smell and/or smoke associated with oil on hot surfaces, 4) the illumination of the Check Engine (Malfunction Indicator)

Light and/or the Engine Oil Pressure Warning

Light in the Instrument Panel; and 5) reduced power/hesitation.

What Should You Do In The Interim?

- **If you notice any of the warnings described above, do not wait for a follow-up letter and instead contact Kia's Roadside Assistance to have your vehicle towed to the nearest authorized Kia dealer to have your vehicle inspected. You will not be charged for this inspection if the dealer confirms oil is leaking from the oil pan.**
