

IMPORTANT SAFETY RECALL

November 2019

This notice applies to your vehicle, **VIN:** _____

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2019 and 2020 model year Buick Regal vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your vehicle is involved in GM safety recall N192278300.

Why is your vehicle being recalled?

The driver or passenger front seat frames may have a lower crossbar that was not welded properly. Insufficient welds on the front seat structure may degrade management of occupant loads in certain crashes, which may increase the risk of injury in a crash for occupants seated in the affected front seat.

What will we do?

Parts to repair your vehicle are not currently available, but when parts are available, your GM dealer will inspect both crossbar welds on both driver and passenger front seats. If either side of the crossbar is improperly welded, dealers will replace the seat back frame. This service will be performed for you at **no charge**.

We are working as quickly as possible to correct this condition. When parts are available, we will send you another letter asking you to take your vehicle to your GM dealer to have your vehicle serviced. You can also check the status of this recall at: <https://my.gm.com/recalls>.

Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center at the number listed below.
