Dear Tabatha

Recall population expanded to include model 3854BR. [Link to revised safety advisory.](#)

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2019 Keystone Montana Fifth Wheels. As a result, Keystone RV is conducting a safety recall.

***Reason for This Recall***

It has been decided that the vehicles in this recall population may have an adjustment bolt for the kitchen slide room and adjustment head mechanism on the dinette slide room that can come into contact with the tire. If the slide mechanism comes into contact with the tire during travel, there is an increased risk of a tire blow out leading to the possibility of poor vehicle handling and/ or vehicle crash. The vehicles included in the recall are:

**2019 Montana Fifth Wheel, Models 3854BR, 3855BR****Serial Number Range: K4700837 - K4702164*****VINs in Your Inventory***

Our records indicate unit(s) sold or in your present lot inventory fall within this range, which will require immediate preventative action. Important: If some of the units are still in your inventory, Federal Law requires you to complete the recall service on those units before retail delivery.

Please log-in to Key Express for your **REVISED** list of VINs on campaign # 19-341.

***Advisory Instructions***

Claims for the units which have been serviced must be submitted. Claims submitted will be used by Keystone to record recall service completions and provide dealer payments. [Please click here for a REVISED copy of the Safety Advisory 19-341](#) which details how to remedy the situation and the proper reimbursement procedures.

We apologize for any inconvenience this situation may cause and greatly appreciate your cooperation. Should you have any questions or concerns regarding this correspondence or the Safety Advisory, please feel free to contact us.

Sincerely,

**KEYSTONE RV COMPANY**
