Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2019 Dutchmen Aspen Trail, 2019 Coleman Travel Trailers. As a result, Keystone RV is conducting a safety recall.

It has been decided that the vehicles in the recall population have a Capital two-burner cooktop that the burner flame may be affected during furnace operation. Under certain conditions during furnace operation, the burner flame can invert leading to an increased risk of personal injury, and/or fire. The vehicles included in the recall are:

2019 Aspen Trail, Models: 1700BH, 1750RD, 1760BH, 1800RB, 1850RB

Our records indicate unit(s) sold or in your present lot inventory fall within this range, which will require immediate preventative action. Important: If some of the units are still in your inventory, Federal Law requires you to complete the recall service on those units before retail delivery.

Please log-in to Key Express for your list of VINs in campaign # 19-348
