

| TOPIC | TYPE | RECALL CODE | QUESTION | ANSWER |
|-------------------|------|-------------|---|--|
| Compliance Recall | | 94L9 | What vehicles are included in Compliance Recall 94L9? | Certain 2012-2020 model year Volkswagen Passat and 2018-2019 model year Volkswagen Atlas vehicles. |
| | | | What is the concern for Compliance Recall 94L9? | The headlights are not permitted to have a horizontal adjustment for vehicles certified according to regulatory requirements. The horizontal adjuster is blocked from further adjustment by means of a cap (after the initial adjustment is performed in the production process). Some vehicles did not have the required cap installed. Incorrectly adjusted headlights may result in reduced visibility (for the driver and other motorists) which could increase the risk of a crash. |
| | | | What is the repair for Compliance Recall 94L9? | To correct this defect, dealers will inspect and, if necessary, install missing headlight adjusting screw caps. The recall repair is FREE. |
| | | | When will the repair for Compliance Recall 94L9 be available? | Parts are available now and repairs have begun. Please contact your local Volkswagen Dealership to schedule an appointment. If you are not familiar with one, please click here to locate a Volkswagen Dealer near you. |
